# "Increase access to free food"

Introduction

# Problem

- Knowledge of different free food location
- Food variety
- Attending physical Pop ups/ locations
  - Schedule Conflicts
  - Social Stigma
- Donating in person/ relying on grants

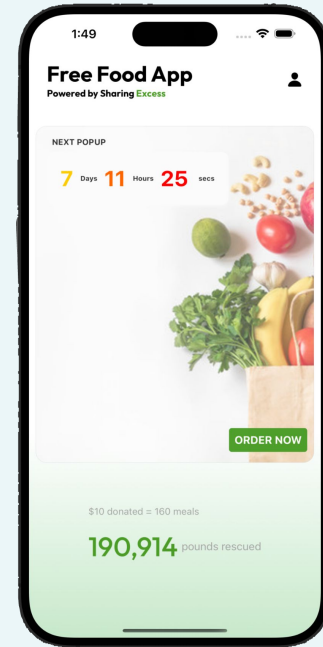

The Question

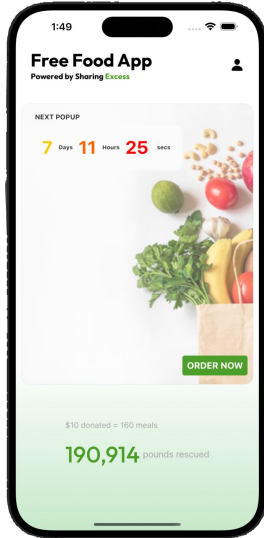

**How do we let more people “LET’s FREE  
FOOD”?**

# Solution

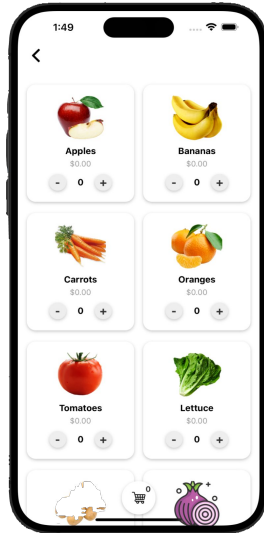

# An app. Free Food Simplified

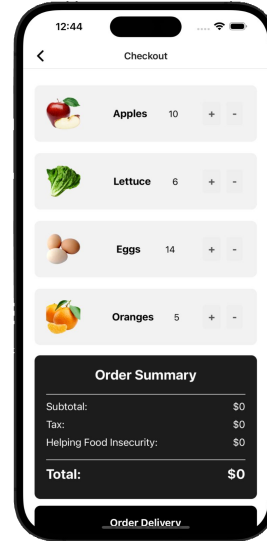

# How it works

# Competitive landscape

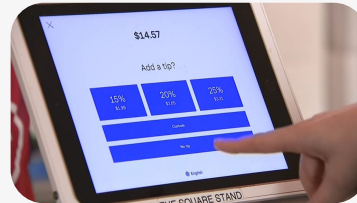

# Business Model

## Building the strong solution

Free Food operates on a non-profit model, and our platform is entirely free for both non-profits and users. We believe that everyone should have access to healthy and nutritious food, regardless of their income or circumstances. We monetize the app through grants, donations, and corporate/ special sponsorships.
